Successful Open House!

506 GALLIMORE DAIRY ROAD

The day started out chilly and misty, but it didn't seem to negatively affect the attendance, spirit or the eating at the Open House on October 22. It was a park-whenever-you-can-find afternoon!

Greensboro Pipe Company had 18 vendors and 15 employees greet over 350 customers, visitors and friends. Patrons were able to

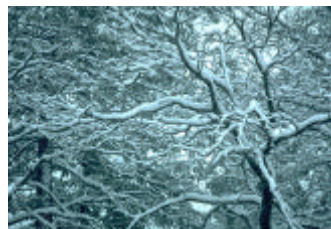

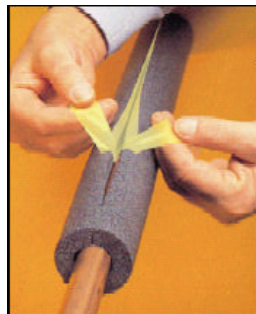

browse the vendor tables and sample products. There were give-aways galore as well as a selection of door prizes that were raffled off. After getting their fill of new product information, customers got to fill their stomachs with a delicious BBQ dinner catered by Prissy Polly's of Kernersville. We were very pleased to show all that

attended our new facility and showroom, plus it was wonderful to put faces on the customer we deal with over the phone. We thank all that attended and we look forward to more gatherings in the future.

If you weren't able to stop by at the Open House, please feel free to come visit anytime and look around! We're now at 506 Gallimore Dairy Road (Exit 211 south).

Featured Items.....

As cold weather approaches, take time to winterize and protect your home or business from freezing temperatures.

Get Winterized!

Greensboro Pipe carries pipe insulation in both foam and fiberglass to protect against freezing pipes.

Another option is Frost-ex cabling for exposed pipes. This cabling

has also been used on outside valves to prevent freeze-ups. We also stock insulated valve and meter boxes.

Don't forget to disconnect your garden hoses to prevent any freeze ups on your hose bibbs.

For Your Records...

Please note the following changes in your records if you haven't already done so:
